Auxiliary game with random prize generation

REISSUE: July 22, 2003 - Reissue Application filed Ex. Gp.: 3713; Re. S.N. 10/623,623 (O.G. October 14, 2003)

APPL-NO: 226009 (09)

FILED-DATE: January 6, 1999

GRANTED-DATE: October 31, 2000

ENGLISH-ABST:

An auxiliary game provides an auxiliary opportunity for players at a casino to win a prize by participating with a relatively small contribution each time they play a round in the principal casino game. To increase the element of random chance or luck in winning a prize in the game, a method and apparatus is provided for randomly choosing a winning card or combination of cards, or randomly selecting a person or group of persons eligible to win upon possession of the card or combination of cards. The amount of the prize can also be randomly selected either as a fixed amount or percentage of a maximum amount or a progressive jackpot.
